When would you like to talk about selecting doors and installing one in the circle room? Along with when we should plan to have the vents uninstalled? I believe that next Sunday would be a great day to uninstall the ductwork and then tonight we can talk about what doors to pick from.

No, unfortunately this weekend is out - mom and I both have too much going on. At this point it will most likely be after you get back from Camp Squanto when we will do the rest of the "work". Let's talk tonight and get some dates on the calendar for events so that we can work on them together.

MOST important for you tonight is to email Mr. Pozerski again and ask nicely (see your previous email thread with him and I about how to ask properly for him to review your Personal Fitness merit badge work). You need to close out all your required merit badges so that we can then focus 100% on the Eagle Project.
