Good evening, I am emailing each of you to ask if I could plan for a cleanup day in the attic on the 23rd and 25th of July (From 7 - 9 p.m). In order to move the shelves in the circle room and get ready for installing a door, the attic needs to be cleaned up and so I would like to lead a cleanup day on these dates. What I am trying to do remove is remove as much ductwork as possible and get as much trash out as we can in the time I have. I need at least 3 adult leaders each using circular saws to cut away at the furniture and ductwork. Along with 12 or so youth volunteers taking out the cut up furniture/ductwork, along with spraying/wiping down the chairs and old school desks to put on the curb outside with a sign that says "free". If I may, I would like to email the Troop and ask for any volunteers who would be interested in volunteering for my project. Thanks!

Yours In Scouting,
Luke Killeffer

Hi Ken & Chris,

I need to clarify what Luke is asking for here (we had a long conversation tonight about next steps and what else we need to do on his project). What we are proposing are two separate work nights, Tues 7/23 and Thurs 7/25 from 7pm-9pm to remove items from the attic. No modifications to the ductwork would be done at this time (Luke - you, me, your papa, and a smaller group of volunteers can work on the removal of the ductwork *after* the trash and other furniture items in the attic are removed and disposed of).

As Luke said, we would like to clean up any items that are in salvageable shape and have Scouts bring those items (chairs, etc.) down to the curb and put signs on them saying "Free", hoping that they will get picked up. If we can bring down all items that people might want on Tuesday, anything still remaining by Thursday we can put in the dumpster, along with whatever other stuff is left in the attic. Our goal is to have all the junk in the attic completely removed this month so that in August we can focus on removing the ductwork, repairing the floor and window exhaust, and replacing the circle room door. Any volunteers on the two proposed workdays could bring cardboard, tape, Sharpies, work gloves, and dustpans/brooms.

I can help Luke craft an email to reach out to the troop asking for help to clarify what type of help we're asking for. I hope this helps clear things up!

Best,
David Killeffer

Hi Ken & Chris -

Checking in on our plan to have 2 cleanup "days" next week on Tues., 7/23 from 7pm-9pm and Thurs, 7/25 from 7pm-9pm. Would this still be possible to put out to the troop to help with cleanup, sorting/categorizing things for the trash, bringing things down to the dumpster, etc.? Since Luke is away at camp this week I told him I would follow up on this request and if approved ask to send an email out to the troop about it.

Also, Chris - at the Troop meeting tonight, could we have the Scouts take 10-15 mins. and haul any existing large black contractor clean up bags from the attic down to the dumpster at the end of the meeting? If space in the dumpster allows it would be great if we could take advantage of the night before it gets picked up and fill it with whatever we can. Unfortunately I won't be able to make the meeting tonight (zoning board hearing in Braintree and I'm part of a related working group so I have to attend), but Sarah should be there and Jonathan and Ben will be there as well.

Best,
David Killeffer
