Hi Mr. Schultz and Mr. Coburn, After some time planning and getting ready. I have decided to have a day when I will get the ductwork out and clean the attic, I'm hoping to E-mail the troop and get some volunteers for the 21st and 23rd of July. The goal is to make the attic clean and ready for storage, once the attic is finished, the holes in the floor will be fixed with plywood and support beams. The window will also be boarded up and weather-shielded, we need some circular saws and table horses to cut the ductwork and old furniture (I'm thinking of bringing a construction vacuum to clean up the mess). I would say we need 10 volunteers and around 3 adult leaders to help, at least enough to bring trash to the dumpster and enough adults to handle power tools.

Yours In Scouting,
Luke Killeffer

Heres a draft email to send to Mr. Coburn and Mr. Schultz
