Hi Nana! How are you? I'm emailing you to ask if I could get Papa's help on my eagle project this Saturday, we are going to be removing some ductwork and cutting some furniture. What we would need to do this is a circular saw, a table horse (Some gloves to wear too), and wear dirty clothes too. We would need the circular saw to cut old tables, benches, wood, and some other furniture, the table horse would help with putting anything to cut on a level surface. I appreciate any help I can help and hope that you'll consider, if you can make it, It would mean a lot to me, thanks!

Love,
Luke Killeffer (The oldest grandson)

Hi Luke,
I think papa can help you when he gets home from work on Sat. We do not have to teach so he could help you in the afternoon. Do you have everything you need for camp for Grace Church Youth Group? Papa sent you a list of things you need, We will need to go shopping after your Eagle Project to make sure you have everything you need. Please ask Peter if he needs anything. Please let us know.

Love,
Nana
