Hi Scoutmaster Schutz,

I was working on my Eagle Scout Project Workbook with my dad and I have a question for you about a particular section. I wanted to know if I needed to fill out the part of the workbook regarding the "Eagle Scout Project Fundraising Application". The documentation on that part was unclear whether or not it was required, and one example part at the end mentioned some Council regulation about expecting to raise over \$500 requiring that form be completed. Since I had planned on needing to raise approximately \$700-\$1000 for my project I was not sure if I needed to fill it out. I raised all the funds for my project from 4 sources:

- a \$100 donation from an anonymous American Legion member
- \$45 from selling 725 lbs. of scrap metal from debris in the Attic
- donations received from selling Hilliard's candy bars door-to-door
- a one-day candy sale and lemonade stand held at Lowes Abington

If it isn't necessary to complete that application I am happy to skip that part, but of course, I will fill it out if required to do so. Thanks very much for your help!
