Hello Mr, Schultz, after a long time of working, editing, proofreading, and last-minute decisions. I am confident that I have finished my eagle scout workbook, the only thing it needs are the signatures from you, Mr. Coburn and Mr. Chase/Mr. Jennings. With the help of my dad, I was able to complete the workbook and wanted to know if you could look it over. I was also wondering if you would be able to turn it in for me considering it would be a long drive for me and my dad, and there's a lot of things that need to be done beforehand too. I hope we can talk more in person, thanks!

Hello Scoutmaster Schultz,

I have spent a lot of time working on my Eagle Scout Project Workbook, and I am fairly confident that I have completed everything. There are some signatures that need to be added though, including yours and Mr. Coburn's, but I hope that I can get those at the Troop meeting on Tuesday evening - the only other one that I require is Mr. Chase's signature. With the help of my dad, I was able to complete the workbook and wanted to know if you would be able to help look it over for me and let me know if I need to change/update anything. I know we will have a Scoutmaster Conference as part of the process, but I wasn't sure if reviewing my entire workbook would be a part of that or be separate. Thank you very much for your help and guidance as I work towards Eagle!

Yours In Scouting,  
Luke Killeffer

Luke,

Congratulations. You are one step closer to completing your journey to Eagle. I would be happy to look over your book on Tuesday night. A thorough and final review of your book is part of the SM conference, but it's a good idea to review it prior to that so you have an opportunity to correct any problems or add any missing documentation. One thing you will need to include is a print out of your individual history report. We can discuss on Tuesday, as there are a few more things that need to be completed before that is printed. So far I have received two of your letters of recommendation.

We should be able to schedule your conference after looking over everything on Tuesday. Good work!

Chris Schultz
